

I get to work in the kitchen, snack bar, and member's bank. The reason I like all of those units is because it gives me something to do, its fun, and everyone is kind and treats me nicely. I also love the socials, getting out and having fun. The things I do here is work, hang out with friends and getting to know more people, and just plain having fun. My plans for the future are to go to college and get my veterinarian masters degree, and to someday have a place of my own, and to start a family of my own.

It's Christmas Time

This is the time our savior was born. We should be thankful and give love to one another.

We celebrate the start from 1986 to the present 2012.

The Clubhouse is our second home. So many memories to cherish; So many members who flourish in the community.

The staff provides a safe and clean environment.

It's Christmas Time at Adventure House. We decorate Christmas trees, big and small, all around the Adventure House.

We give gifts to the people we love, People who have helped through the time of sorrow.

People who brings joy through the time of happiness;

It's Christmas Time at the Adventure House.

We gather together in peace to have dinner with our friends.

This year has been filled with many blessings from above.

Merry Christmas and Happy New Year, From Adventure House.

It's Christmas Time a poem by Kristian Mason

Our Christmas Dinner

Our Christmas Dinner started at 12:00pm with the opening prayer. After prayer everyone started to eat ham, potato salad, corn, green beans, and red velvet cake and began enjoying themselves.

The units gave out gifts to their members which they enjoyed. Afterward, Executive Director Tommy Gunn spoke about past Christmases at Adventure House. When he was finished Kristian Mason recited a poem that she wrote about Christmas at the Clubhouse. It was truly a blessing that everyone enjoyed. After the poem was read, everyone received a gift from Adventure House, which was a green shirt with the Adventure House logo on it.

I know that there are many more Christmases yet to come and everyone will enjoy them like this year. This Christmas Dinner was a dinner that no one would ever forget. I know that this marks my fifth Christmas and I feel that a lot has changed for me as well. I hope every Christmas dinner we will have from now on will be as special as this one. This was our Christmas.

Kristian Mason's Honor

Adventure House member Kristian Mason, 31, loves to write poetry and learn new things.

She attends Cleveland Community College and she has three certificates in business. This May, she will graduate again, this time adding a two-year Associate Degree in Business

Administration in Marketing and Retail. She has recently been accepted into the National Society of Leadership and Success, Sigma Alpha Pi. This Organization is a leadership honor society. It is not a fraternity nor sorority, but a doorway that offers opportunities to develop leadership skills and achieve goals. This honor is available to a limited number of students on campus. Kristian has earned this honor because of academic accomplishment and leadership potential.

Society membership provides professional leadership training to gain a competitive edge in the employment market. The National Society of Leadership and Success is one of the largest college leadership honor societies in United States with hundreds of chapters. The Society was founded on the core belief that we accomplish more together than we would achieve alone.

Kristian is excited and eager to learn and train. She is thankful for, Bryan Eaker and Beverly Dawkins, for helping her with homework when she needed it. "Without Adventure House I wouldn't have the chance to go to school and to finish with a great opportunity like this." Kristian's next move is to finish her studies and graduate with honors and to start on her new career.

Adventure House members and staff are very proud of Kristian and her academic accomplishments. We congratulate her on her upcoming graduation and wish her all of the best for her future.
